Freelancer / Owner
January 2011 to Present

I am currently working solely on my freelance company; it has given me diversity with projects and control over the work I do. I provide editorial work, motion graphics and production services remotely and on-site. I've worked with Arts+Labor, ProductionFor, Big Picture Lab, Austin HD Productions, Frank+Victor, Home Away and Whole Foods Media Division.

Rebel Rebel

Editor / Motion Graphics / Producer
August 2008 to June 2011

I worked with Final Cut Pro and After Effects to create TV commercials, web videos and music videos for a variety of clients including: Anheuser-Busch, BMW, Dell, Dish Network, Flogging Molly, Gel Pro, H-E-B, Hey Cupcake, Lacrosse Footwear, The Air Force and Whole Foods. I gained a lot of experience being in client edits and also learned more about other aspects of the production process. Specifically, I had a chance at Rebel to step beyond the traditional role of an editor and act as producer on several projects, and also get involved with the concept process on spots we were handling the production on.
